

## **Completion of Ministry of Sports Affairs Project – Grandstand Musannah**

Alamur Engineering Consultant is pleased to announce the completion of Grandstand Musannah which is one of the significant project of Ministry of Sports Affairs.

Construction began on the project since its announcement in December 2015. Though, there were minor setbacks encountered during the construction period, Alamur Engineering Consultant together with the contractor (Al Ansari Trading LLC) was quick in implementing recovery measures and has successfully completed the project this year.

The grandstand with total seating capacity of 2000 is expected to be of good use with various athletic leagues, after school programs and summer camps and other activities that will utilize it year round.
