

## **Salalah Grand Mall – Project Management and Design Services**

Project Management and Design services are being carried out by Alamur Engineering Consultant for the construction of Salalah Grand Mall – a joint venture of Al Madina Real Estate and Ministry of Defence Pension Fund.

Alamur's Project Management and Design Team are putting their best talents and skills in the execution and operation of the project to achieve the desired result.

The project (a three storied shopping complex having a floor area of 77,000 sq.m) is anticipated to boost the commercial centers in the Dhofar Region and serve the people of Oman with a state-of-the art development that combines style, convenience and modernity.
